

**AP Race and Aquatics GB are proud to be teaming up to deliver a social impact project that will positively impact hundreds of people across the upcoming Aquatics GB Swimming Championships taking place from the 14th-19th April 2026.**

As part of this exciting collaboration, we will be running three masterclasses expertly designed and tailored for competitive clubs across the country to engage with Great Britain's pivotal annual selection meet of the year.

## **Who are the masterclasses for and why come?**

The sessions are targeted at groups attending from clubs and include tickets to attend the competition so swimmers can experience being coached in the London Aquatics Centre by some of Britain's finest, whilst also having the chance to watch the fastest swimmers in the country racing for spots on the Commonwealth Games and European Championships teams.

Clubs are actively encouraged to utilise this opportunity to help inspire their swimmers but also to let them see first hand what the best swimmers in the country do at a major championships.
