4.2. WITHDRAWALS

To ensure validity, withdrawal of an athlete from either a heat or final of an event can only be carried out by Team Staff members of the athlete's club who are in possession of a Coach, Team Manager or Chaperone event accreditation.

We encourage that accreditations are purchased as early as possible to ensure athletes can be withdrawn.

Once a relevant accreditation has been issued team staff will have access via a unique link to submit withdrawals. The unique withdrawal link can be found within the same email as the accreditation.

If an Athlete requires withdrawing prior to the Championships and, a Coach or Team Manager from their club has not yet purchased an accreditation, written confirmation of the withdrawal via email is required from a Coach or Team Manager to agbnational.entries@aquatics.gb.com before a manual withdrawal can be processed.

If a withdrawal cannot be done via the online withdrawal system during the event, due to no Coach or Team Manager from their respective club purchasing an accreditation, Athletes are required to present to the Timing Suite with their accreditation to confirm their identity before a manual withdrawal can be processed.

5. ACCREDITATION

All competitors, coaches, chaperones and support staff must have a valid accreditation to gain access to athlete areas at the event. Accreditation is non-transferable and must be always worn when accessing athlete areas.

If the pass is forgotten, lost or mislaid, a replacement pass will be re-issued for a fee of £10.00 payable at the Sport Information Desk.

New Accreditation Zones

To support the safe and effective management of the event, the venue will operate a zoned accreditation system.

Accreditation passes will grant access only to the areas necessary for an individual's role. Access to accreditation zones will be restricted to those without the appropriate accreditation.

We kindly ask all attendees to respect these access restrictions and follow any instructions given by event staff or security personnel.

6.2.6. POOL CAPACITY NOTICE

To ensure warm-ups, swim down and training at the Speedo Aquatics GB Next Gen Championships 2026 can take place safely within the Health and Safety regulations, we must follow the pool capacities set out by Ponds Forge ISC and Everyone Active for both the Competition and Diving Pools.

During warm-ups and training, coaches must always supervise their athletes with lane capacity to be overseen by Field of Play volunteers to ensure these are adhered to. If capacity was to be exceeded in either Pool at any time all athletes will be asked to vacate, and the pools will be closed until it is deemed safe and appropriate to reopen.

When the Diving Pool hits capacity a one out, one in system will be in operation to replicate what was in place at the Speedo Aquatics GB Next Gen Championships 2025 and will be continuously monitored by Field of Play volunteers. Athletes will not be able to enter the Diving Pool unless they are permitted to do so. If the pool is at capacity, please advise your athletes that they must wait until space becomes available.

Therefore, please may we ask that you comply with the measures in place so that the event can run as safely as possible.

BLOGS

Please ensure all your Biogs information is updated prior to the entry deadline. This will ensure accurate information is used during the event by the in-venue and livestream commentators. Your Biogs account can be accessed [here](#).

6.3. DOPING CONTROL

Competitors taking part in the Championships may be subject to random doping control and are required to bring with them identification that is required by UKAD and WADA. By entering this event you/your child (if athlete is under 18), consent to report to Doping Control if requested at any time during this event. You further agree to be bound by the [British Swimming Anti-Doping Rules 2021](#).

If an athlete is subject to doping control, they should ensure they provide detail of all medications (prescribed or over the counter and including dosage) and supplements taken within the last 7 days in advance of the test and (where the sample collected is a blood sample) blood transfusions within the previous three (3) months, on the Doping Control Form. Any previously disclosed medications or supplements to your club and/or your home nation do not form any part of doping control.

Please check your medications via <https://www.globaldro.com/uk/search>

If the medication you are taking is prohibited in or out of competition you may require a TUE. Please read the details below.

Therapeutic Use Exemption (TUE)

If an athlete **IS WITHIN** the National TUE Pool they are required to obtain a TUE before using a prohibited medication or method. You can check if you are within the National TUE Pool via

<https://www.ukad.org.uk/national-tue-pool>
and selecting
'aquatics'.

If an athlete is **NOT** within the National TUE Pool but using a prohibited medication or method **and** is subject to doping control they are required to apply for a retroactive TUE and you should contact Jane Smith (jane.smith@aquaticsgb.com or 07917 834785) as soon as possible after doping control. A retroactive TUE must be submitted to UKAD within five (5) working days of the testing taking place.

You can find out more information about Medications on the UKAD website <https://www.ukad.org.uk/medicine>

If you require support or have a query about any medications, supplements or the anti-doping rules please contact Jane Smith at Aquatics GB via jane.smith@aquatics.gb.com or 07917 834785

Strict Liability means an athlete is wholly responsible for any banned substance found in their system, no matter how it got there.

As a safety precaution and in line with best practice, we recommend that if you or your athlete is required to attend doping control, another individual remains on site to accompany you or the athlete to their

destination afterwards, to ensure they are not alone.

7.4 RACE TO RECYCLE PROJECT

Recycle your pre-loved race suits!

We are continuing to support Race to Recycle – a pioneering initiative that not

only supports athletes but also aligns with our commitment to sustainability.

Through Race to Recycle, we're supporting a circular system where donated racing suits are either recycled or re-distributed to athletes who may otherwise struggle to purchase them. This ensures that high-performance kit continues to make an impact both in the pool and for the planet.

Our ask? Well, if you've got any old race suits you'd like to recycle, please bring them to the Speedo Aquatics GB Next Gen Swimming Championships and you'll find our donation drop-off point by the Sport Information Desk within the Ponds Forge International Sports Centre. Visit [HERE](#) for further information on the project.

7.5 SAFETY AND SECURITY

Security staff will be on site at the venue checking all accredited persons at key access points to the venue and the pool and carrying out ticket checks for spectators.

The health, safety, and wellbeing of all staff, volunteers, athletes, and spectators is our top priority. It is essential that every member of the workforce understands their role in maintaining a safe environment and knows how to act in the event of an incident.

Incident Reporting Procedure

All incidents, accidents, or near misses — whether involving workforce members, athletes, or the public — must be reported immediately. This includes:

8 EVENT POLICIES

8.1 FILMING AND PHOTOGRAPHY

Aquatics GB are aware of the wide range of devices including mobile telephones which have photographic and filming capabilities. This enables the capture of both static and moving images. It should be acknowledged that the majority of images taken within an Aquatics GB setting are appropriate and taken in good faith. However, images of children and adults can be misused, and sharing images widely without consent may betray a confidence or identify of a child or adult, which could present a risk of harm to that individual if common sense procedures are not followed.

Parents and carers of participants under the age of 18 who wish to take images are

requested to focus on their own children as much as reasonably possible and to avoid including other children in images, particularly if those images are being shared with family and friends or through social media platforms. Whilst it is acknowledged that parents/carers wish to celebrate the achievements of their own children when taking part in aquatic events, it should be recognised and respected that other parents/carers may not wish for their child's image to be taken and shared in this way.

Aquatics GB encourage all spectators and participants at Aquatics GB events to make themselves familiar with the photography and filming arrangements for the event and be vigilant during that event.

Aquatics GB is committed to ensuring that all children who participate in Aquatics GB

activities can take part in an enjoyable, safe environment and be safeguarded from harm. If you have any child safeguarding concerns at the event, please contact an Event Officer immediately to disclose your concerns.
